NEW ARRIVALS!

Homenaje/Tribute
Frida Domacassé

The poet is inspired by her yesteryear favorite singers. These singers, notably from all over the world, left an important mark on the music of their time and on contemporary music. With this work she brings a lyrical tribute to Carmen Miranda, Billy Holiday, Violeta Parra, Celia Cruz, Argentina Santos, Miriam Makeba, Nina Simone, Mercedes Sosa and Amparo Ochoa. The poems are written in Dutch and in English. The booklet is handy in size and is illustrated with photographs.

Poetry € 6,50

Title
Rosabelle Illes

Title contains various themes of a philosophical nature. Simple questions of daily life, but also inquiries on transcendental life. The writer tackles topics that philosophers have explored and developed, such as the difference between people and animals, the role of language, inequality in society and liberty.

Short Stories & Poetry € 18,00

Love is Love
Frida Domacassé

Collection of poems the poet wrote as a contribution to the struggle for gay marriage on the Dutch Caribbean islands. Same-sex marriage on Aruba, Bonaire and Curaçao is still not to be taken for granted. With these poems she wants to address this issue of homosexuality, lesbianism and gay marriage. In her poems, the prejudices regarding homosexuality come afore. In addition, there are also poems showing that love is always beautiful. It doesn't matter between whom. Love remains love; something beautiful. The poems are in Dutch & Papiamentu.
